Complex
Platforms

Siloed Data
& Dashboards

Multiple Tools ≠ Better Security

- 65% of SMBs say they're using too many security tools
- 80% report tool sprawl slows down security management
- 77% admit threat detection suffers
- 78% say response and mitigation are weakened

Source: Vanson Bourne 2025

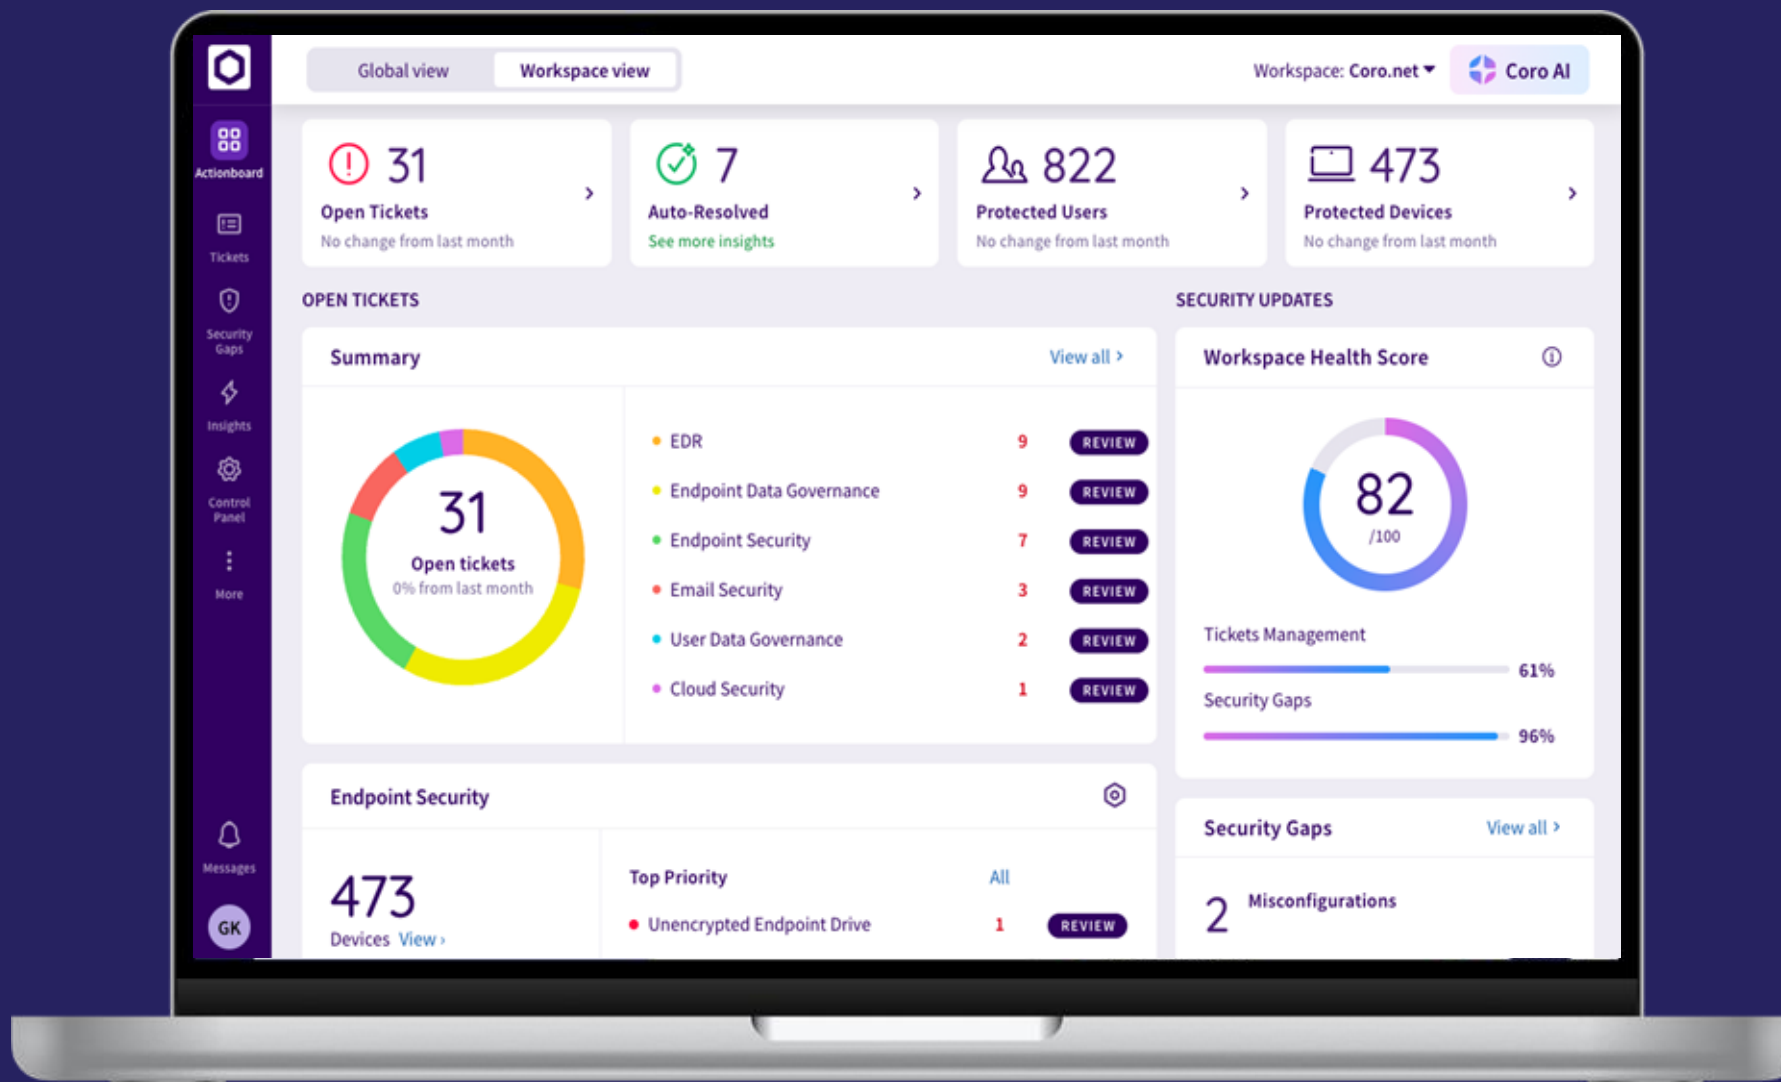

Product

Single Platform. Stronger Security.

Profitability

Coro Reduces Costs by 60% and Serves 3 times More Clients

Metric	Before Coro (Multiple Vendors)	With Coro (One Platform)	ROI Impact
Avg. Cost / User / Month	\$25 - \$30	\$5 - \$15	Up to 60% cost savings
# of Vendors to Manage	5 - 7	1	Less admin / vendor overhead
# of Tools / Dashboards	5 - 7	1	Simplified operations
Technical Workload	High	Low	More output per tech
Clients per Technician	10 - 15	25 - 30	150 - 200% more customers per tech
Training Time	High (multi-platform training)	Low (single tool)	Quicker ramp-up

Awarded for Power. Adored for Ease.

We've received dozens of awards for ease and usability, while still being strong enough to get **three AAA ratings** from SE Labs.

Cybersecurity Made Easy

Coro protects businesses with lean IT teams through the world's most intuitive cybersecurity platform, providing comprehensive protection through a single, intuitive interface that any IT team will master.
